

## We Want To Pay You Faster!

But you **MUST** use the fax cover sheet after submitting enrollments on AgentLink.

Get your commissions paid faster and your enrollments processed accurately and fast. Always use the Fax Cover Sheet after submitting an enrollment online through AgentLink.

Here is what you need to do:

1. With the original paper application in hand, log on to the AgentLink Online Enrollment system at <https://agentlink.uafc.com>
2. Enter the information from the paper application into the online enrollment system.
3. Submit the enrollment application online by clicking "Submit."
4. Print the fax cover sheet that appears on your screen (shown to the right).
5. Place the fax cover sheet on top of the paper enrollment application. (Note: Use **one** cover sheet per enrollment.)
6. Fax the cover sheet and paper application to the enrollment department. (*It is **required** that you fax in the original paper application when submitting enrollments on AgentLink.*)
  - PFFS/PPO Fax Number: 1-866-903-8235
  - PrescribRx Fax Number: 1-866-417-5194

If you do not send the Fax Cover Sheet with the paper application, you will slow down the enrollment process and will cause the enrollment department to believe the paper application is an entirely new enrollment. This will cause the enrollment department to improperly identify and process your enrollment, **which will delay payment of your commissions!**

If you did not print out the Fax Cover Sheet immediately after submitting, you will find it

in the reporting tab of AgentLink, next to the reported enrollment application.

**Get paid in record time! ALWAYS use AgentLink and the Fax Cover Sheet** after submitting enrollments online on AgentLink!
